

Scheme for Training of SC-ST in UP

About:

Scheme for Training of SC-ST in UP – Need-based and demand-driven skill development and entrepreneurial training is imparted to the youths from the SC/ST category including women candidates. Service is given at the centers. After the training program is over, the candidates are given a toolkit of the respective trades. Candidates will be given one month of theoretical training and 03 months of practical training at various field units/departments.

Benefits:

- Candidates will be given one month of theoretical training and 03 months of practical training at various field units/departments.
- Service is given at the centers. After the training program is over, the candidates are given a toolkit of the respective trades.
- A four month group training program has been started under this scheme to increase self-employment/skill (technical) for the youth of SC/ST with the objective of generating employment. In this four month program every year, there is provision for one month theoretical training and three months practical training.
- For SC/ST-Under the scheme, the work of establishing self-employment is being done by training the SC beneficiaries in employment oriented trades by selecting the trades as per the local requirements and under the scheme there is a provision of honorarium for the arrangement of transport expenses/food etc. along with tool kit to the beneficiaries.

Eligibility:

- For SC/ST -The minimum age for selection should be 18 years and maximum age should be 45 years.
- Under the scheme, application is made by obtaining the form from District Industry Promotion and Entrepreneurship Development Centre, Lucknow.
